

# Theme Support and License

Thank you for purchasing our WordPress Theme! If you are going to install the **demo content** (premade pages) please check **Installation** page. If you need a help please check articles in the [Help Center](#).

You can also open a ticket in the Help Center too. You must provide a [purchase code](#), we'll answer you in 1-2 business days. According to the [item support policy](#), it doesn't include theme customization, third-party plugins integration, and hosting problems. Please check articles in the [Help Center](#) and theme options in **Appearance** ⇒ **Customize** before submitting the ticket. Thank you!

With [ThemeForest Regular License](#) you are allowed:

- You are licensed to use the Item to create **one single** End Product for yourself or for one client (a “single application”), and the End Product can be distributed for Free.
- You can modify the Item and therefore delete unwanted components before creating your single End Product.

## You are not allowed:

- You can't Sell the End Product, except for one client. If you or your client want to Sell the End Product, you will need the Extended License.

For more information about the license please read [ThemeForest License FAQ](#).
